All,

I will go by the locations and talk with the subjects sleeping in the RV's and ask them to clean the area. As you all know this is a very sensitive subject around the city and sleeping inside a vehicle is no longer a crime.

We were successful in getting new parking restrictions in areas where we have criminal complaints due to prostitution, narcotics and humans feces.

Another option is to contact Water Shed and have them do an investigation on all the RV's in the area to see if there is something we can cite or impound.

Please copy me on any criminal element and pictures.

Dear Devin:

Thank you so much for your email. As discussed yesterday over the phone, Councilmember O'Farrell (Council District #13) is in the process of creating an oversized parking district for Citrus Avenue as well as other nearby street segments. Here is a link from the council file that proposes the legislation:

[CF#16-0967 Lillian Way / Cole Avenue / Cahuenga Boulevard, et al / Oversize Vehicle Restrictions](#)

This was adopted by City Council in late September and instructions were transmitted to the Department of Transportation to create the oversized parking district on several street segments from 2am to 6am, 7 days a week for vehicles that are 22ft long or 7ft in height. I will make an inquiry with LADOT to see where they are in the process of creating the signage and the schedule

for posting. I am thinking that it will be in effect by the end of this year.

I will also send an email to the Senior Lead Officer, Edwin Guerra regarding the vehicles, initiate an investigation with Street Services for the use of the public right of way, and contact Parking Enforcement.

Sincerely,

Lisa Schechter

Subject: Re: From mediadistrict.org: RVs and items on sidewalks

Good afternoon Jim,

Our business owner wanted me to forward these two photos, one taken yesterday, the other taken today at about 11AM. This RV is right outside our entrance gate and the occupants often pile things along the sidewalk at all times of the day, cook on the street, have their dog loose, etc. The owner is very concerned about the continued appearance of these items, as well as the arguments the occupants have had several times out on the sidewalk, throwing things and yelling. They also have two young boys, who have been present when some of these altercations have happened. I believe they were somehow connected with the group that recently left after we had to call the police on them and one was arrested. It's a troubling situation. We are working with HBT to get a sidewalk cleaning done, but I'm not sure if there are other things to be done right now aside from wait for the street parking changes that are coming. Anyway, just wanted to pass all this along for our owner, Brian.

Hi Jim,

Thank you much for getting back to me - I spoke with Lisa on the phone and Caesar from the patrol team actually came by and spoke with our owner earlier today, so this has been very beneficial in updating us on the situation and where it is headed. I appreciate the responsiveness on this and helping us find humane ways to clear this up.

Best,

Devin Richmond

Once again thanks for your message.

The area along Lillian Way has become a location where the motor-homeless have recently been parking. We do have our cleaning crews and our security officers patrolling in that area. If need be, please let me know when another problem arises and if you could take a photo that would be

helpful. Thanks again for contacting the BID.

I am writing regarding the RV/homeless situation at roughly 901 Lillian Way. One of the people parked there is consistently putting his stuff against the fence, which I understand constitutes trespassing. The fence is not part of our property, but it is owned by Red Studios (who I also reached out too). There are also piles of items stacked on the sidewalk (and this is a regular occurrence). Please advise what we can do to help minimize this.
